

LUMENO LED DATASTAAAT

6, 9, 12 & 18 LED Series with ON/Off Switch

Description

This efficient, maintenance free, LED rigid strip is sleek and beautifully contoured in a low-profile housing, with an anodized aluminum finish. This high output LED technology doesn't project any heat or harmful UV rays.

It offers a combination of connector cables and mounting brackets that install at different angles, making installation easy.

Electrical Characteristics

Power Consumption:	6 LED's: 1.44W 9 LED's: 2.16W 12 LED's: 2.88W 18 LED's: 4.32W
LED:	3-Chip 5050 SMD LED
Input Voltage:	12V
Input Power Type:	DC
Maximum Input Current:	N/A
Dimensions:	6 LED's: 120mm 9 LED's: 170mm 12 LED's: 220mm 18 LED's: 320mm
Operating Temperature:	<60 °C
Storage Temperature:	-20°C to 50°C
IP Ranking:	IP 65

Special Features

- Available in different 4 sizes.
- High Brightness Single LED's
- Multi-finned aluminum heat sink for optimal heat dissipation
- Ultra wide beam angle
- Available in 3000~3500K, and 6500~7000K color temperatures

Optical Specifications

Color Temperature:	6500~7000K
Color:	White
Beam Angle:	120°
Luminous Flux:	6 LED's: 90lm 9 LED's: 135lm 12 LED's: 180lm 18 LED's: 270lm
Power Efficacy:	62lm/W
